ARTISTIC DECORATIVE HARDWARE™

AUTHENTIC SOLID BRONZE PLAQUES™

Michael Healy®

*Premier designer of
Artistic Decorative Hardware™
for your home*

Michael Healy was born and raised on the Cape Cod seashore. At the University of Notre Dame, he studied metal sculpture and developed a passion for design. Michael chose to use his knowledge and interest in metalwork to open his own foundry on the banks of the Blackstone River in Rhode Island.

When building his home's entranceway, Michael was dissatisfied with the imitation bronze (painted aluminum) plaques that were available. Realizing he was not alone in the search for high quality bronze plaques he decided to create his own line of Michael Healy Authentic Solid Bronze Plaques™.

Michael's plaques offer a level of quality and customization previously unavailable in hardware and garden stores. Michael's Authentic Solid Bronze Plaques™ combine the talents of skilled graphic artists with the timeless art of sand casting to make an aesthetically beautiful plaque that will last for ages.

*“Finally, a line of plaques worthy of representing
your fine home or business.”*

HOW AUTHENTIC SOLID BRONZE PLAQUES™ ARE MADE

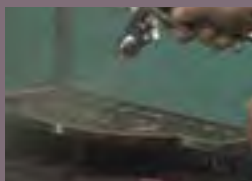

DESIGN TO PATTERN

Your plaque is given individual attention by a skilled graphic artist. Using state of the art techniques your design is transformed into a three dimensional pattern.

THE ART OF SAND CASTING

An impression of the plaque pattern is made in fine sand into which 2300° bronze is poured. The mold can be used only once, making each piece unique. Raised letters, numbers, and borders are hand finished to reveal the natural beauty of the bronze.

LASTING PROTECTION

Both sides of your plaque receive a baked polyurethane coating, similar to the clear coat finish on a car, that will provide years of protection. Michael's signature confirms its authenticity and quality craftsmanship.

Please Note: The number and letter heights listed for each plaque style represent the minimum character height when the maximum allowable characters are used. The actual size of your letters and numbers may be larger when our graphic artist creates the custom layout of your distinctive plaque. You can select either all upper case lettering or upper and lower case lettering.

Note: Plaques are available with all upper case lettering or upper and lower case lettering.

BACKGROUND COLOR CHOICES

Dark Brown
(Most Popular)

Black

Burgundy

Blue

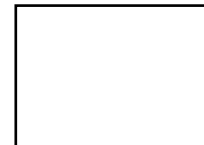

Red

Green

Light Brown

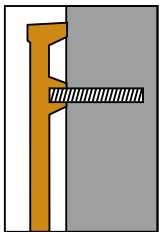

White

Note: These colors are only for the recessed background of your plaque. Raised letters, numbers, and borders are hand finished to reveal the natural beauty of the bronze. Due to the limitations of color printing the actual paint colors may differ slightly from what is shown here.

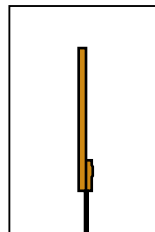

MOUNTING CHOICES

Concealed

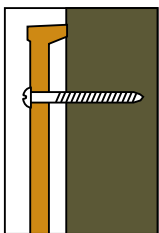

Concealed mounting allows you to hide any visible sign of mounting hardware. It also makes it practically theft proof. Installation involves drilling holes to receive the provided threaded studs that screw into the back of the plaque. These studs are then glued into place using a construction epoxy.

Lawn Stake

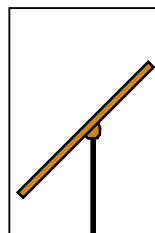

A 24" long by 3/8" diameter solid bronze rod is precision fit to the integral housing which is cast into the back of your plaque. The plaque is mounted vertically and is appropriate for plaques which are meant to be read at a distance. Small and Medium plaques require one stake. Large and Extra Large plaques require two stakes.

Screws

You are provided with screws and plastic expansion inserts that allow you to mount your plaque to almost any surface. The screws are painted to match the background color of your plaque.

Garden Stake

A 24" long by 3/8" diameter solid bronze rod is precision fit to the integral housing which is cast into the back of your plaque. The plaque is mounted at a 45 degree angle and is designed to be read by someone standing near it. Small and Medium plaques require one stake. Large and Extra Large plaques require two stakes.

"As a landscape architect, the beauty and quality of exterior surroundings are of paramount importance... That's why I chose a Michael Healy Authentic Solid Bronze Plaque™ for my own home."
